ABOUT US

Balakrishna Press parts is IATF16949:2016/ISO9001:2015 certified organization, which is engaged in manufacturing of Sheet metal Stampings, machining Components and Welded components, established in 2009, We are provide Services to Auto & Non-Auto parts manufacturing Organization.

We are having own 11,000 sq. ft. (unit-1) & 25,000 sq. ft. (unit-2) build up manufacturing facility in Chakan with Design and Development facility. We have the expertise and experience to provide complete engineering solution to meet the growing need of various automotive/Non-automotive engineering industries.

Specially unit-1 We have made up for LPS product .
And Unit-2 made up for HPS product .

BALAKRISHNA PRESS PARTS .

Our Quality Policy

We, at Balakrishna Press Parts are committed to manufacturing and supply of sheet metal pressed, welded assemblies & machined components, by complying with all applicable requirements to achieve & exceed customer satisfaction.

We shall achieve this by following quality management system conforming to IATF16949/ISO 9001:2015, with emphasis on continual improvement by doing right at first time through team work, training & employee Involvement.

Our Vision

To be top rank supplier among automotive and non-automotive engineering customers, while respecting to our prime values & helping build to build sustainable communities.

By Sustainable community we mean, Organization where the need of all employees are met, people feel that their safety & requirements are taken care of & all are finally happy.

Our Mission

We supply highest quality engineering products at reasonable price, by fulfilling & committed to on time deliveries to customers,

BALAKRISHNA PRESS PARTS .

Core Values to

Personal and corporate Integrity – Maintain the highest level of integrity in our relationship with employees, Customers, Suppliers and member of the community.

Economic Value Creation- Our survival depends on our ability to provide unique product and services that our customers value more than the competition

Practical Innovation :- Consistently and creatively push the boundary of what is possible in ways that create immediate value for our customers.

Cultural Expectations

Customer focus Quality

Leadership

High- Performance Organization

Intelligent Risk Taking Continuous

Improvement Environmental

Stewardship

Infrastructure and Facility

Availability of Actual Working Land :-

For Unit-1 11,000 Sq. Ft. with Tooling & Development.

For Unit-2 25000 Sq. Ft

For Stamping Works Machines available from Range

300 Ton To 50 Ton For LPS ,

1000 Ton to 300 Ton for HPS

For Shearing Works Machines available bed size 3000 X 1500 mm..

For Machining Works One CNC Machines available bed size \varnothing 260Chuck-250mm

For Machining Works Three Trobe Machines available size \varnothing 25mm & 32mm.

For welding Works availability of machines Co2 , Spotting , Projections, Arc
Welding

For Finishing works Belt grinder Machines.

Conventional Machining Milling, Drilling , Lathe, Grinding, Jig Boring.

BALAKRISHNA PRESS PARTS -Our Milestones .

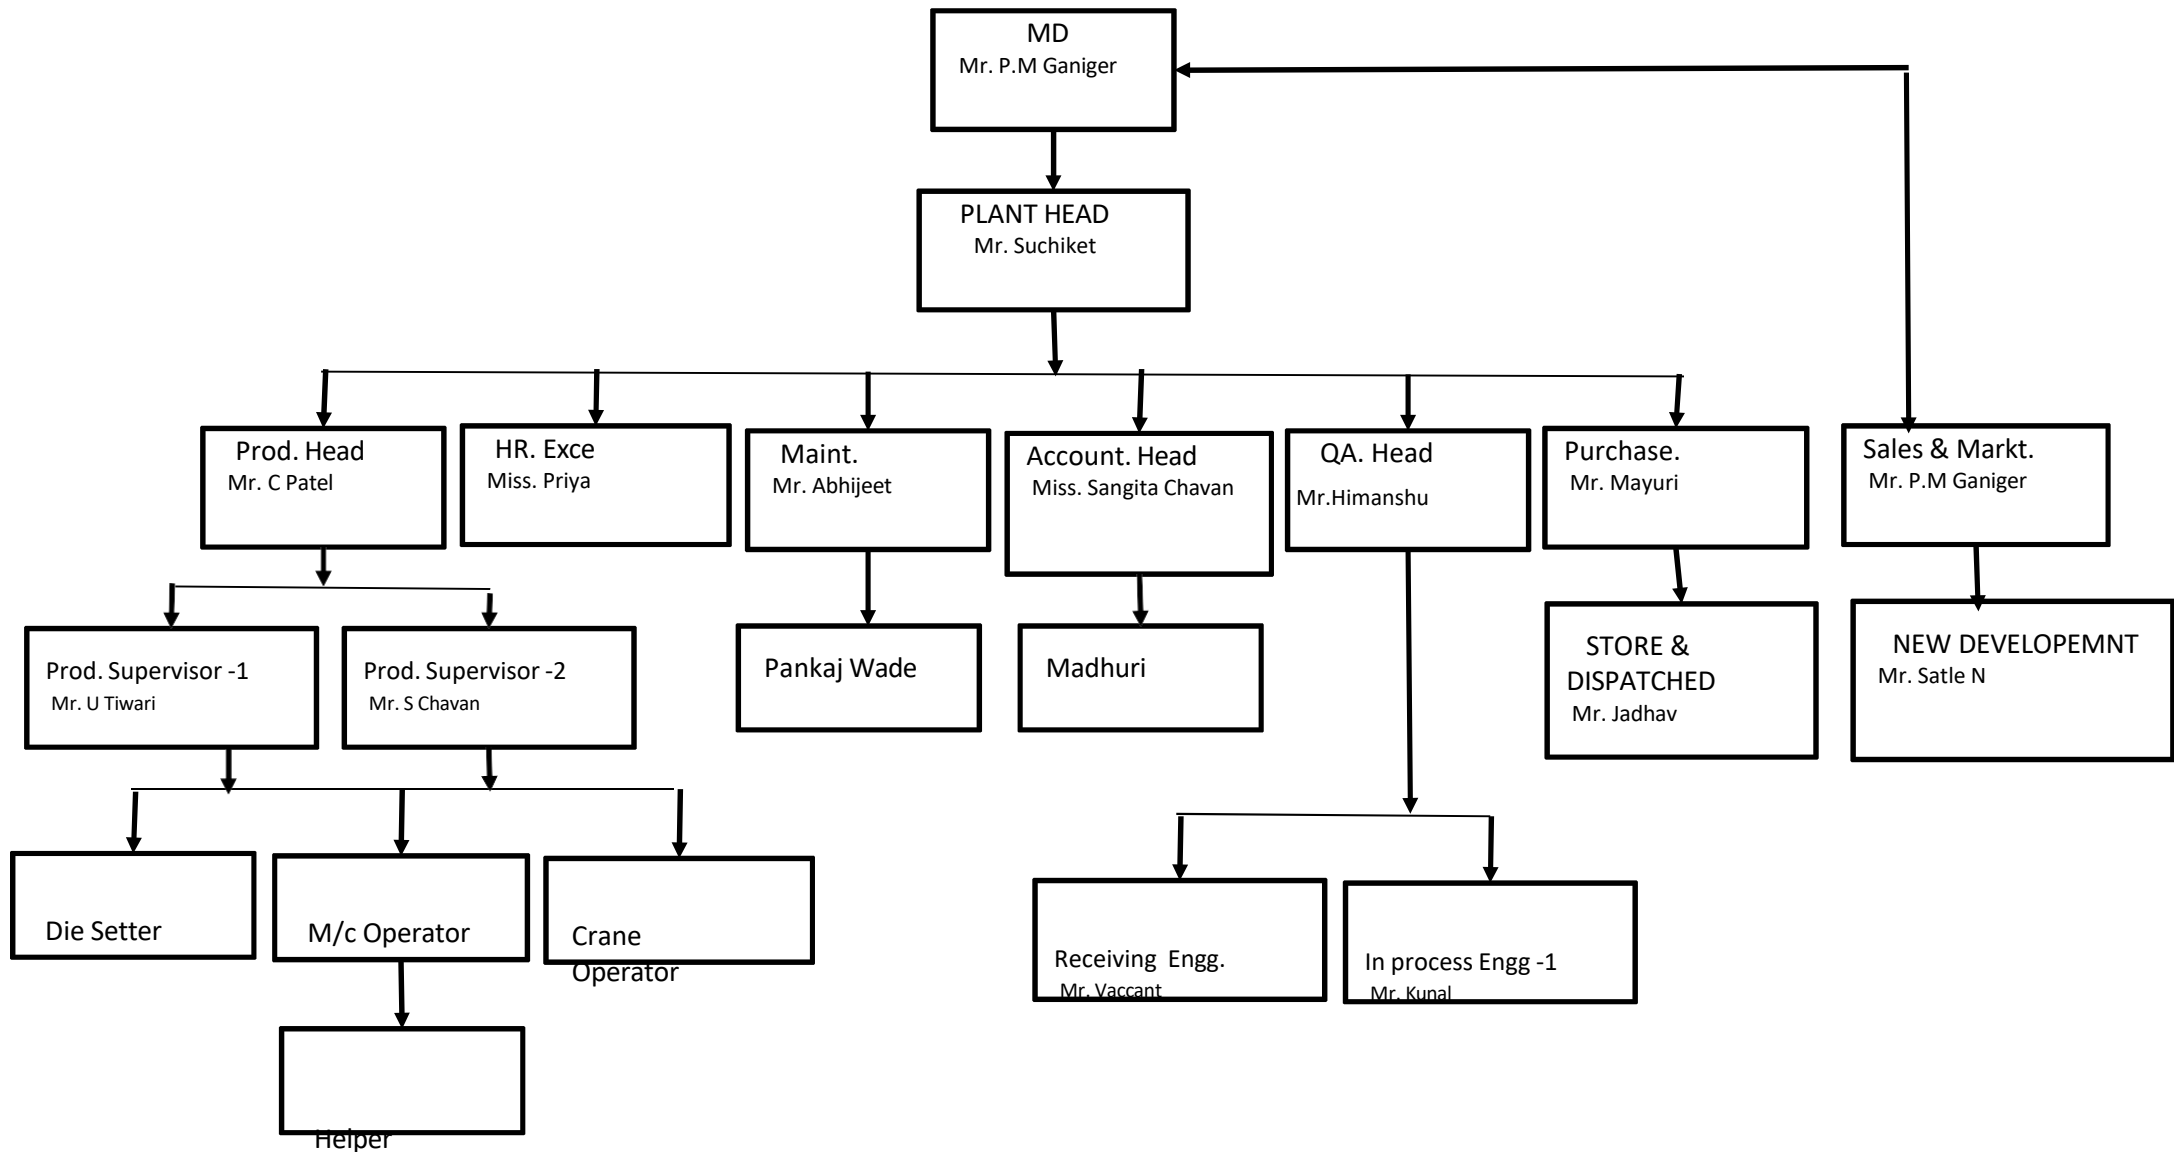

Year	2009	2012	2014	2015	2016
Company Background	Establishment of Balakrishna press parts at rented premises in Bhosari MIDC , having 30T/50T/100T	ISO 9001:2015 certified by TUV	In house Tool room &pneumatic 50T installed	Pneumatic M/c-300 Installed	Shifted the Owned plant area 11000 Sq. Ft. & shearing m/c installed

2017	2018	2019	2020	2021	2022	2023	2024
Pneumatic Mc-150 Ton installed - 2 no's	Pneumatic Mc-110 Ton installed -2 no's	Pneumatic Mc-75 Ton installed	Increased the sales revenue in 8 Cr	IATF 16949-2016 certified by TUV	Target to achieved annual sales 18 Crs	New plant installed for HPS	Target to be achieved annual sales 50 Crs

WHY US?

We are preferred by the clients for all kinds of **automobile and sheet metal components** over our competitors, due to the following reasons:

- Consistently maintaining conformity in the entire product range
- Regularly incorporates new developments as per the requirements of our clients
- Quality raw material used in manufacturing
- Use of latest technology in manufacturing processes
- Experienced professionals for handling the machine and equipment
- Competitive priced products
